Our Biosphereresearchers Emil and Sanna

0-6 ÅR/V.

Miniambassadors

7-15 ÅR/V.

Juniorambassadors

16-30 ÅR/V.

Biosphere Ambassador programme

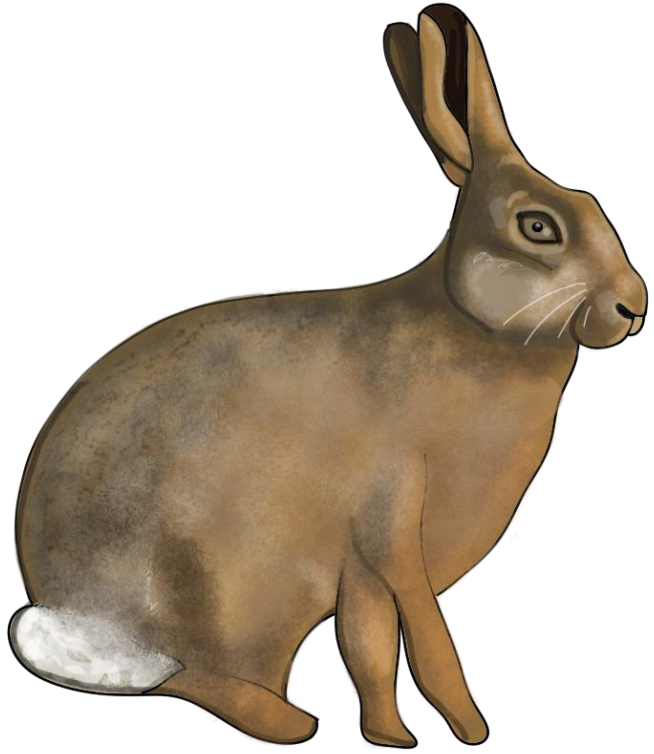

Aims

- strengthen the young people's sense of local belonging and pride in their local environment
- develop educational and nurturing activities around nature, environment, culture and sustainability, which reach children and young people who live, stay in or visit the Archipelago Sea BR
- give children, young people and educators knowledge and action to reduce concerns about the climate and the environment and together build a common future on a sustainable basis
- increase interest in natural sciences and studies that can be linked to sustainability issues and work opportunities in the archipelago
- make the Biosphere Academy's models available to others both nationally and internationally

Activities built on cooperation

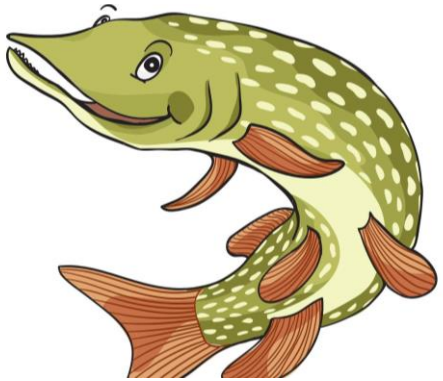

Early childhood education

0-6 years

Pike and his friends

Miniamabassadors for a sustainable archipelago

Elementary school

- Sustainability path
- Biosphere Reserve in school
- Digital games and vloggs (YouTube)
- Cooperation with the educators and municipalities
- Cooperation with The Nature School (our partner)
- National and local curriculum

The sustainability path
for elementary school
aged 7-12
Globala hållbarhetsfrågor
Hållbar livstil
Påverka tillsammans
Mållinjen
Grundförutsättningarna för liv
Växtodling
Hållbar matproduktion
Återvinning & Sparsamhet
Strandens mångfald
Vatten
Naturens kretslopp
Cirkulärekonomi
Den byggda miljön
Ekosystemtjänster
Ekologi
Att må bra
Att uppleva naturen
Årstiderna
Arter i närmiljön
Samhörighet & Omtanke
Skärgårdskultur & Historia
Kulturell mångfald
Fysisk hälsa
Självkänsla

Young adults
16-30 years

- Cooperation with the universities and researchers
- General upper secondary school (aged 16-19)
- Courses, excursions and lab-experiences
- Biosphere Ambassadors
- Environmental feelings research together with students från Åbo Akademi university
- Youth Forum
  - Vloggs
  - YouthMAB, NordMAB
